Please read the schedule carefully and note your dates. The new altar servers are listed as shadowing or beginning to take on specific tasks later in the schedule. Once the new altar servers are vested, you will be an extra server for the Mass (not shadowing), and you may still be needed to serve. Therefore, it is still important for you to show up when you are scheduled. Thank you so very much for participating in this very important ministry and we appreciate your continued support and cooperation.
